IQAC Report AY 2020-21

As per National Assessment And Accreditation Council, “the primary aim of Internal Quality Assurance Cell (IQAC) is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution and to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.”

The MMCC IQAC works for ensuring quality in its multi disciplinary education through well defined processes and regular feedback from all stakeholders. The consistent efforts of all IQAC members in the field of education for the ‘Welfare of Masses’; has borne fruit for the work in education through online administrative and teaching processes even during the lockdown.

The Covid-19 pandemic brought with it many challenges for society and in higher education. The stakeholders of the college have tirelessly worked for the betterment of all so as to cope with the changing social and education scenario. A few noteworthy IQAC initiatives that contributed to the local society are listed below :

1. The NSS members of the college along with the sister institutes worked for providing free lunch boxes during the lockdown to the underprivileged where the lunch was prepared and packed following all necessary precautions in the canteen.
2. The IQAC members also conducted a survey through the use of Google Forms so as to generate covid-19 awareness.
3. Students volunteered for the work of covid warriors in different villages around Pune.
4. After the lockdown, the college prepared the campus facilities for the minimum number of allowed employees at the campus and the visitors coming for admission enquiries.
5. The college ERP provided students with the online admission process so as to ensure social distancing.
6. Regular counseling sessions were organized for all students to keep them motivated and combat stress brought on by the pandemic.
7. Staff members were made aware of updated leave policy in accordance with the pandemic and quarantine norms.

The use of Google Classroom in the previous year proved beneficial for all students and teachers to conduct online lectures using Google Meet in addition to the other features of G Suite for Education. In addition to the existing first year students, all were provided with mmcc.edu.in domain email addresses for attending classes and submitting assignments / quiz, remotely.

The college conducted the practical / project examination for third year students in online mode under the guidance of SPPU examination rules and regulations in the month of Oct / Nov 2020.

Innovative student curricular / co curricular / extra curricular activities were organized in online mode for promoting skills among the students. The academic toppers were felicitated at the college annual prize distribution function as per University guidelines.
